Date: 5th May 2023

Internal Academic Audit Report 2021-22

Submitted to Principal

Sub: -Report of internal academic audit report 2021-22 of each department – reg:

Ref:- Proc. No. E1/JNTUGV, CEV/Academic Audit/2022 dated 10-04-2023.

Civil Engineering:

- Continuous improvement with respect to overall attainments is observed.
- Most of the students are from the rural areas, they are lagging in Communication skills.
- Collaborations and Consultancy services are to be initiated.
- Soft skills an interpersonal skill to be improved.
- More Research focus on different specializations is required.

Electrical and Electronics Engineering:

- Continuous improvement with respect to overall attainments is observed.
- Students need to be motivated regarding placements and higher studies.
- Collaborations and Consultancy services are to be initiated.
- More Research focus on different specializations is required.

Mechanical Engineering:

- Consultancy services for the industries are to be initiated.
- Continuous improvement with respect to overall attainments is observed.
- Most of the students are from the rural areas, they are lagging in Communication skills.
- Soft skills an interpersonal skill to be improved.
- Skilled human resources are required for Laboratory Learning.

Electronics and Communication Engineering:

- Continuous improvement with respect to overall attainments is observed.
- More Research focus on different specializations is required.
- Skilled human resources are required for Laboratory Learning.
- Most of the students are from the rural areas, they are lagging in Communication skills.

- Collaborations and Consultancy services are to be initiated.

Computer Science and Engineering:

- Continuous improvement with respect to overall attainments is observed.
- Focus on latest technologies to improve placements and higher studies.
- Most of the students are from the rural areas, they are lagging in Communication skills.
- Soft skills an interpersonal skill to be improved.
- More Research focus on different specializations is required.

Information Technology:

- Continuous improvement with respect to overall attainments is observed.
- Infrastructure facility computer Lab facility and human resources need to be improved.
- Most of the students are from the rural areas, they are lagging in Communication skills.
- Collaborations and Consultancy services are to be initiated.
- Soft skills an interpersonal skill to be improved.

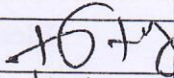

Metallurgical Engineering:

- Collaborations and Consultancy services are to be initiated.
- Continuous improvement with respect to overall attainments is observed.
- Most of the students are from the rural areas, they are lagging in Communication skills.
- Soft skills an interpersonal skill to be improved.

BS & HSS:

- Collaborations and Consultancy services are to be initiated.
- Most of the students are from the rural areas, they are lagging in Communication skills.

Internal Academic Audit Committee members:

1.	Sri. R. Gurunadha	Assoc. Professor of ECE & Vice Principal	- Member & Convener.	
2.	Dr T S N Murthy	Asst. Prof. of ECE & IQAC Coordinator	-Member	
3.	Dr A. Padmaja	Asst. Professor & Head of EEE and PE	-Member	
4.	Dr C Neelima Devi	Asst. Professor & Head of ME	-Member
